### Luxury that cares

Experience the new luxury where instant power comes with low or zero tailpipe emissions. Volvo Recharge brings you technology, design and sustainable materials that elevate your drive.

### Pure for real

Whether you go for a Recharge pure electric or a Plug-in Hybrid car, you can drive it without any tailpipe emissions. Just select Pure electric drive mode in your Plug-in Hybrid to use your car's electric motor.

### Safety

Since 1927, safety has been at the core of Volvo. And with the introduction of the Recharge car line, our ambition is to create the safest chargeable vehicles on the road.
